A screenshot of a web browser window showing a patient information update form. The page title is "A Web Page" and the URL is "http://update\_patient\_information.js". The main content area has a light blue background and displays a "Update Information" heading. Below it is a table with eight rows, each containing a label and a text input field. The labels are: "Patient ID:\*", "First Name:\*", "Last Name: \*", "Date of Birth:\*", "Registration Date:\*", "Address: \*", "City: \*", and "Province: \*". The input fields contain the values: "1234", "John", "Amstrong", "12-Jan-1961", "19-Sep-2014", "54 Nature Way", "Newmarket", and "Ontario". There is also a dropdown arrow next to the province field. At the bottom right of the form are two buttons: a blue "Save" button and a blue "Cancel" button.

This is a screenshot of a web-based application interface for managing consent form templates. The page is titled 'Add/Update Consent Form Template'. It features a header with navigation links for 'Patients', 'Templates', 'Consents', and 'Log out'. The main content area contains fields for 'Consent Form Name' (set to 'Ebola Vaccine') and 'Version' (set to '0.2(increment)'). A large text area labeled 'Consent' is present, but it is currently empty. At the bottom of the form are 'Save' and 'Cancel' buttons.

The image shows a hand-drawn wireframe of a web browser window. The title bar says 'A Web Page'. The address bar contains 'http://add\_user.js'. The main content area has a light blue background and features a large bold header 'ADD USER' at the top right. On the far right, there is a link 'Log out'. Below the header, there are several input fields represented by white rectangles with black outlines. To the left of each field is a label: 'User ID', 'User Name', 'Email', 'Status', 'Role', 'Password', and 'Confirm password'. Under the 'Status' label, there are two radio buttons: one for 'Active' and one for 'Inactive'. At the bottom of the form are two buttons: 'Save' and 'Cancel'. The entire wireframe is enclosed in a dark grey border.

The diagram illustrates a user interface for updating a user profile. The page title is 'A Web Page' and the URL is 'http://update\_user.js'. The main heading is 'Update USER' with a 'Log out' link. The form consists of six input fields: 'User ID', 'User Name', 'Email', 'Role', 'Password', and 'Confirm password'. Each field has a corresponding input box. At the bottom, there are 'Save' and 'Cancel' buttons.

This is a screenshot of a web-based patient registration application. The interface is a standard web form with various input fields and buttons. The form is titled "Registration" and includes fields for Patient ID, First Name, Last Name, Date of Birth, Registration Date, Address, City, Province (with a dropdown menu set to "Ontario"), and Postal Code. At the bottom right are "Save" and "Cancel" buttons. The top navigation bar includes links for Patients, Templates, Consent, and Log out. The URL in the address bar is "http://registration.js".
